

KEEP YOUR HANDS OFF IT

HAND SAFETY TOOL

New and Improved

Lighter weight head provides improved balance for ease of use.

Ergonomic D-Handle Grip on 21", 42" and 50" versions.

Textured grip throughout the complete tool for slip-resistant handling.

Ergonomic 4" hand guard with dedicated tethering point for working at heights.

Opposing grab hooks to help with the maneuvering of cable-slung loads. Rubber inserts for grip or plastic inserts for rolling pipe.

LHR's ShovelIt Hand Safety Tool helps avoid hand injuries while working with suspended loads. This proprietary Hand Safety Tool helps:

- Push against flat surfaces, corners or rounded edges of suspended loads
- Move and position pipe and tubulars
- Grab slings and tag lines.

Part Number	Length	Description
