

Your hands are your most important tool.

LHR SAFETY'S NEW GRABIT™ HAND SAFETY TOOL HELPS AVOID HAND RELATED SAFETY ISSUES WHILE WORKING WITH SUSPENDED TUBULARS.

THE GRABIT™ HAND SAFETY TOOL IS CLEVERLY DESIGNED TO HELP:

- Provide full control of suspended tubulars 3"–10" in diameter.
- Promote hands-free operations

FEATURES:

- Ratcheting action enables the GrabIt to lock as it closes around the tubular to ensure a firm grasp.
- Trigger allows for easy release.
- Compact and lightweight design makes it ergonomically friendly.
- Side handle for better ergonomics and control.
- Tethering point to prevent a dropped object
- Safety orange color for better visibility.
- Wide curved area at top of tool for added stability when pushing.
